

JAX WAX
australia

Advanced Eyebrow Design

Conducted by: Michele Hetherington (National Training Manager)

This interactive workshop is for therapists or students that are competent in general waxing and wish to increase their confidence and expand their knowledge in providing professional eyebrow waxing treatments.

Discover Jax Wax Australia's products that will simplify the eyebrow waxing procedure while providing greater client comfort.

Workshop Duration:

- 6 hours (includes a 1 hour lunch break)

Topics Covered:

- Jax Wax Australia product knowledge.
- Application and removal techniques for waxing eyebrows.
- Client consultation, contraindications, preparation.
- What eyebrow design suits your client's facial shape, rules for eyebrow placement, lengths and current trends.
- How to assess excess hair and re-shaping.
- Various application methods using hot/hard wax.
- Considerations for waxing elderly clients or clients with sensitivity.
- The importance of skin maintenance and creating a professional waxing room for the eyebrow shaping service.
- Increase your knowledge of skin and hair.
- Troubleshooting and after care advice.

Workshop Includes

- Demonstration in application and removal of Jax Wax Australia Hot wax.
- Alternative methods for individual client needs.
- Students conduct the Jax Wax Australia Eyebrow waxing treatment on one or two models depending on re-shape requirements of individual model.
- Trainer will oversee and assist students with their models.
- Questions and answers session.
- Product sampling.
- Jax Wax Australia Training Manual and Eyebrow Shaping Manual.

Workshop Requirements

- Students will need to provide 1 or 2 models to commence treatment immediately after lunch break.
