

Salon Ready Waxing Workshop

Conducted by: Michele Hetherington (National Training Manager)

This is an participatory workshop designed for students that have recently graduated or therapists who want to refresh their waxing skills. This workshop will improve your skills and knowledge that will help you gain employment and work confidently. You will learn techniques that will enable you to perform waxing treatments within commercial service time constraint.

Workshop Duration:

- 7 hours

Topics Covered:

- Jax Wax Australia product knowledge includes correct working temperatures and external influences that can affect the waxing procedure.
- Demonstration of Jax Wax Australia's method for eyebrow and facial waxing using hot wax, including contraindications and skin sensitivity.
- Students will be assisted as they perform hot wax procedures for eyebrow and facial waxing treatments.
- Demonstration of techniques for using strip wax to increase speed and efficiency, treatment areas can include legs, arms and chest/back.
- Students will be assisted as they perform strip waxing treatments that may include legs, arms, chest/back.

Course Includes:

- Training manual
- Practical demonstration
- Interactive training with qualified therapist / trainer
- Consultation material.
- Certificate of attendance & product sample bag.
